## 2023 - Comptroller Property Value Study

The Property Value Study (PVS) determines the degree of uniformity and the median level of appraisals for each appraisal district. It also determines the taxable value of property for each school district for school funding purposes. In conducting the study, the comptroller applies appropriate standard statistical analysis techniques to data collection as required by Section 403.302, Government Code. A (PVS) was conducted for the 2023 appraisal year. We are currently undergoing a PVS for 2025.

For school tax purposes, the over 65 and disability residential homestead exemptions create a tax ceiling.

Properties receiving a general homestead exemption may qualify for a limited appraised value. The limited appraised value will not exceed 110% of the prior year's appraised value. However, the market value may still be reflective of the local real estate market.

### Disabled Veterans

In addition to the residential homestead exemption allowable to disabled veterans with a 100% service-connected disability, disabled veterans are allowed a general exemption on any property they own based upon the percentage rating as determined by the Department of Veterans Affairs. Current exemption amounts, as based upon these ratings are as follows:

Percentage Disability	Exemption Amount
10-29%	\$5,000
30-49%	\$7,500
50-69%	\$10,000
70-100%	\$12,000

The surviving spouse and minor children of a member of the armed services who dies while on active duty will receive a \$5,000 exemption.

### Other Exemptions

Other commonly occurring exemptions are:

- Cemetery Exemptions
- Religious Organizations
- Charitable Organizations
- Veteran's Organization

Other less frequently occurring exemptions are allowable and described in Chapter 11, Property Tax Code.

### Appeal Information

Following guidelines established by state law, notices of appraised value are typically mailed to property owners if:

- The appraised value of the property changes by more than \$1000 from what it was in the preceding year
- The appraised value of the property is greater than the value rendered by the property owner
- The property was not on the appraisal roll in the preceding year
- The property has had an ownership change

In 2025, the district prepared and delivered notices of appraised value for approximately:

➤	<b>137,833</b>	<b>Real Property Notices</b>
➤	<b>8,135</b>	<b>Business Personal Property Notices</b>

## Methods And Assistance Program

The Methods & Assistance Program (MAP) reviews the governance of each appraisal district, taxpayer assistance provided, and the operating and appraisal standards, procedures, and methodology used by each appraisal district, to determine compliance with generally accepted standards, procedures, and methodology. The areas of study do not change from year to year, but the specific questions, number of questions, documentation required to satisfy the questions, and scoring system do a 'MEETS ALL' determination for a total point score of 100. We are currently in a MAP Review of 2024.
